British Planes Bomb Italian City For Five Hours

Naples Suffers Second Severe Attack In Week As Huge Damage Caused

ROME, Oct. 22.—(AP)—British planes bombed Naples for five hours last night, causing huge damage, the Italian high command announced today.

It was the second raid on the city in less than a week. R.A.F. planes had carried out an attack on the city on Oct. 19, in which the Italian said killed 15 persons and injured 27.

Damage from last night's raid during which waves of planes dropped hundreds of incendiary and explosive bombs, totaled dead and 27 injured, a communiqué declared.

The city, located on the Italian west coast, has a population of about 250,000 and is a maritime and industrial centre.

Attack Catania
British R.A.F. raiders also were reported to have attacked Catania, Sicily, again last night. One of the attackers was shot down in flames, the high command claimed.

The raid was the heaviest Italy suffered since the war began in 1940.

The Italians said British planes also were active on the African front during the night, bombing Bengali, Libya, and claimed they killed eight natives and wounded 27.

They asserted their own planes had struck back, dropping bombs on the Mediterranean base of Malta.

British quaters momentarily were alerted on the night of Oct. 21, but did not confirm Italian reports of counter-attacks.

LONDON, Oct. 22.—(AP)—The R.A.F. heavily bombed Naples last night, it was announced, but details of the raid were not immediately available.

The elapsed number of years between a date B.C. and the same date A.D. is one less than the sum of the years.

Big German Port Blasted By R.A.F.

LONDON, Oct. 22.—(CP)—British bombers blasted the big German port of Bremen last night and struck at a number of other objectives in northwest Germany, the air ministry announced today.

Other attacks, a communiqué stated, were directed against docks at the French ports of Brest and Lorient, the harbor and fuel stores at Aarhus in northern Denmark, and German airbases in northern France and the Netherlands.

Loss of three planes in those assaults was disclosed by the air ministry raised to 13 the number of German fighters reported destroyed by the R.A.F. in northern Denmark.

Not eight fighters downed by the Allies a construction force comparable to the great Tordogne operation which destroyed German munition fortifications on the western front and the military highway to the Rhine.

A "full and generous" response to the raid has been received from the United States.

Such an operation, making use of the heavy bombers of the United States, would be immensely important in view of British-Russian cooperation in the war.

Britain and the United States already were reported co-operating in the attack on the German eastern frontier to southern Russia.

Further Revision
Wanted By F.D.R.
WASHINGTON, Oct. 22.—(AP)—President Roosevelt wanted early attention by Congress to further revision of the bill to permit United States vessels to enter bays and harbors of foreign countries.

Suppose, said the president, that the bill is passed, but the ban against arming American merchantmen did not close the door to the use of such vessels.

Early brought up the subject at a press conference to clarify a presidential remark yesterday.

He wanted that cleared up for the president's remark, he said, was not intended to be a threat.

He said the president read extracts from the president's message of Oct. 8 in which the president asked for repeal of Section 8 of the armed ship prohibition.

HIGH U.S. OFFICIALS FEAR

Aies May Lose Last Foothold On Continent If Russ Go Down

WASHINGTON, Oct. 21.—(BUP)—High-end-lease officials expressed fear today that if the Soviet Union goes down, the democracies will lose the last possible European foothold from which to launch an offensive against Hitler.

They have agreed with President Roosevelt on a step-in plan which is to be announced in the House of Commons.

The situation frankly is viewed as critical. Emphasis here is on the importance of keeping the Russians in the fight with coupled with the British government's refusal to undertake landing operations in the west indicated a hope in both Washington and London that the full force of democratic attack ultimately could be hurled at Germany from the east.

Do not that Great Britain would risk a "diversion" landing operation against Germany in the west for many months more, however, with announcement in London that Anglo-American production would have to be tripled or quadrupled before the British could undertake an overseas attack.

It is gratifying to know that the people will not tolerate political stunts and the use of performance by the opponents of the Rowell-Sirois report. There is no doubt that the government in the House of Commons is at the next general election.

MOVE WOULD CLOSE MEDITERRANEAN German March Through Spain To Morocco Said Planned

Strategic Position On African Coast Likely Will Be Nazi Target

By HELEN KIRKPATRICK

LONDON, Oct. 22.—(CDN)—German plans are completed for a march through Spain, by-passing Gibraltar, to Spanish Morocco if and when the British attempt to clean up Libya and invade Italy, according to British and American observers in North Africa.

While at the present moment, the entire German thought and energy is being devoted to Tunisia, plans for closing the Mediterranean by seizing strategic Spanish Morocco have been completed. In the opinion of some of the best qualified American and British observers in North Africa.

Nazis' Losses Said Great On Moscow Front

covered with the bodies of Fascist soldiers and officers in the Moscow sector, 27 miles west of the Russian capital.

REPORT CONCENTRATIONS

"Undoubtedly Hitler will order and carry out new attacks," the source said, "but he will not again be able to muster anything like the strength he has used up in the past two weeks."

Other London advices, however, gave the Germans as concentrating great German forces at Smolensk for an all-out frontal attack on the USSR capital.

Stalin remained in the Kremlin to direct the Red City's defense, with the fiercest action centering around Moscow.

Tass, Soviet news agency, said the Germans hurled tanks, motorized infantry and aviation into the assault which developed into hand-to-hand fighting.

KNOW AT MOSCOW

The news agency said Marshal Timoshenko's Red troops fell back to new lines only when the Germans were able to concentrate numerical superiority. The depth of the withdrawal was not disclosed.

Winter's first snow fell over the Moscow region and a bitter wind howled over the Steppes, piling snow on roads and in forests.

Hitler's field headquarters, silent on any new advance in the operations before Moscow, declared Axis troops driving into the Donets River industrial basin in the Ukraine had scored further advances.

By contrast, reports reaching London said Red army troops had stopped the German thrust toward Rostov, gateway to the Caucasian oil fields, after evacuating Taganrog, 20 miles to the west.

ROADS IMPASSABLE

A Russian broadcast said the Germans had lost more than 3,000 men under linked Red army attacks southwest of Moscow—presumably to the Malojaroslavl sector, where Nazi spearheads have been reported within 50 miles of the Kremlin.

Soviet reports also told of renewed German attempts to advance east from Orel, with heavy fighting raging along the Orel-Moscow highway. Moscow is 175 miles south-east of Moscow.

At the moment, the Russians said Red troops defending Moscow were inflicting severe losses on German armor forces, killing 500 in one engagement and 400 in another.

As the campaign entered its fifth month, advices reaching London said that although troops on the Moscow front were becoming almost impassable, Von Bock's central front armies were making huge forces of infantry and tanks at Smolensk and Rostov for a climactic frontal assault on Moscow. London military experts said the attack, when it comes, would result in a battle in which as many as 500,000 men would be killed.

BRITAIN AND MEXICO Resume Relations

MEXICO CITY, Oct. 22.—(AP)—Great Britain and Mexico resumed diplomatic relations Tuesday night after a lapse since 1938 resulting from the Cardenas administration's expropriation of all properties in Mexico.

The announcement was made by Foreign Minister Enriquez Padilla as the climax of long and friendly negotiations undertaken by the incumbent President Manuel Avila Camacho.

It was made public just as Avila Camacho was leaving the capital to spend several days at the bedside of Lazaro Cardenas, his predecessor, who is seriously ill at his home.

Income Taxes To Be Payable On New Bonus

By R. T. RICHARDSON

Edmonton Bulletin Ottawa Bureau

Ottawa, Oct. 22.—The new cost of living bonus payable by employers under the government's new wage policy will be part of an individual's income and therefore taxable. This is the precedent established in living bonuses already paid in some industries and it is expected to be followed in regulations covering the compulsory policy.

This is of special interest to wage earners just under the exemption for the national defense tax. A married man in the civil service, for instance, who earned \$11.75 a year, has been brought by bonus payment over the \$1,000 a year income level, putting him under the national defense tax. If tax is applied, however, in such a way that his income is not dropped below \$1,200. This is how the new bonus scheme is expected to work.

Labour department officials are working on regulations to govern the national defense tax. Mr. King, after King and a reliable source, said that final decisions were not made on all details, but rulings will be made on the new policy in advance for the national wage labor board, which will be set up to advise on matters of detail. Hon. Norman McFarley is expected to hold a press conference tomorrow if orders coming the new policy are approved by the cabinet today.

Royal Air Force May Control Hun Nation Without Occupation

LONDON, Oct. 22.—(CDN)—The Royal Air Force may eventually "oust" the Nazis without occupation, according to the magazine "The Aeroplane."

Our program of the bombing of Germany calls for more than 20 times the present bomb load to be carried continuously to enemy territory every month in 1943-day and night," the magazine stated.

"Meanwhile, the intensity is gradually building up and tactical plans are preparing."

"When the main weight of our bomber force is made up of Halifax, Stirling, Fortress, Liberator and other heavy bombers, then the strategic objective of 'control without occupation' will be on the way towards realization."

"It must take time—probably another year—before results will begin to show on any scale. Meanwhile, in perfecting our defenses, in reinforcing Russia, in preparing for the coming attack against us in the Middle East, we are doing more towards winning the war than any large scale invasion of the continent could do at this stage."

"The foundation of our victory must be in air power, just as it must be the foundation of lasting peace after the war is won."

Farm Price Level

By R. T. Richardson

Edmonton Bulletin Ottawa Bureau

OTTAWA, Oct. 22.—The extent to which the level of farm prices have advanced since the war started is disclosed by analysis of price compilations prepared by the marketing service branch of the federal department of agriculture. The upward movement of farm prices, except to grains, has brought the level to an extremely high figure that existed at the outbreak of war to within reach of the 1926-29 average.

Axis Vessel Sunk, Airdrome Shelled

By British Subs

LONDON, Oct. 22.—(AP)—The Admiralty announced today one Axis supply ship in a Liverpool convoy and that another had been airdrome in Cremona.

One of the supply ships was engaged to have been sunk, a communique said, describing the engagement with the enemy as "further successful action against the enemy's supply line in the Mediterranean."

"Another submarine," it said, "bombed the airdrome at Apollonia, in Cremona, in the face of gunfire from shore defenses, and secured several hits on barges and other buildings."

Chaplain Voices Thanks Russians

On British Side

OTTAWA, Oct. 22.—(AP)—The Rev. J. H. W. Wells, Protestant chaplain for Canada armed forces, said today that he was "glad to hear that the Russians are fighting on their own."

"There is no reason why we should not with the Russians and God's help in the time of God," he said.

WILL BE HELD AT MARKET SQUARE 10, Expected To Witness Sham Battle Here Tonight

Mobile Kitchen Unit Brought To Edmonton To Help Queen's Fund

Ten thousand people are expected to gather at the Market Square and the Civic Block Wednesday evening to welcome the battle-scarred, fire-scorched "Iron Duke" veteran tea-wagon of the London fire of December last, and with encounters with German air-raiders on the east and south coast of Britain.

City Visitor

Spectacular displays of actual "shut" conditions in Britain will be staged for the reception of the "Iron Duke." Prior to its arrival there will be a reproduction of conditions which prevail during an air raid without the deadly bombs, commencing at 7.45 p.m. In other respects the reproduction will be as nearly perfect as human ingenuity can make it.

The Iron Duke will be officially welcomed by Mayor J. C. Bowen. In the welcoming party will be Deputy Mayor Albert and members of his cabinet, Mayor John W. Fry, aldermen and other civic dignitaries, members of the armed forces and many prominent citizens.

The "show" is being staged to create support for the Queen's Canadian fund which assists bomb victims in Great Britain.

Sound effects of actual air raids over London will be reproduced through loud speakers, the Civic Block will be closed to the public and the streets will be cordoned off. The band is participating by permission of Lt.-Col. R. W. Hale, M.C.

Presentation Ruins' Ashes Will Be Made

Ashes from the ruined sections of the Mother of Parliaments will be presented to His Honor Lord G. C. Bowen at the welcoming ceremonies for the "Iron Duke," battle-scarred tea-wagon of the London fire of December last, and with encounters with enemy raiders on the east and south coast. The presentation will be made during the reception at the Civic Block, Wednesday evening. It will be made by Mrs. Ernest Gibbs, widow of the late Sir Ernest Gibbs, who was killed in the bombing of the House of Commons.

The ashes of the British House of Commons are being distributed to symbolize the fact that while bombs from German dive bombers may destroy the buildings housing the parliament of free peoples remain free, and in the freedom will perse the people of Miller and all his lands for.

Five Meetings For Election Campaign

Election committee of city council decided Tuesday to recommend that only five city-sponsored election meetings be held during the municipal election campaign this year. Last year eight meetings were held.

Provisional schedule of meetings to be recommended to city council on Wednesday, November 27, includes: Thursday, November 28, 7 p.m., at the City Hall; Friday, November 29, 7 p.m., at the City Hall; Saturday, November 30, 7 p.m., at the City Hall; Sunday, November 3, 7 p.m., at the City Hall; Monday, November 4, 7 p.m., at the City Hall.

As has been used in past years, candidates for city council will be given 10 minutes, and aldermen and council board candidates five minutes each to address the meeting.

Liberal Meet

Meeting of the West End branch of the Edmonton Provincial Liberal Association will be held at 8 p.m. Wednesday at the T.O.C. Hall, 164 street. James Morrison, vice-president of the branch, has suggested the meeting to help defeat the recent Calgary conference of the Liberal party.

Your Figure, Madame!

But Burt has the silver rule idea of how to go about identifying the funds that are the most important to his family with 75 million in assets. "I want to know what the top 10 percent of my portfolio is made of," he says. "I want to know what 75 percent of my portfolio is made of." In fact, Burt's silver rule is not so much a rule as a yardstick. In fact, Burt's silver rule is not so much a rule as a yardstick. In fact, Burt's silver rule is not so much a rule as a yardstick.

"For example, to make sure of getting the 25 milligrams of ascorbic acid, or Vitamin C, needed in the daily diet, some fresh fruits and vegetables should be selected from the list high in Vitamin C: Oranges, grapefruit, tangerines, tomatoes and lemons. One

day. The author gives the same pattern for all the essentials.

Whether you eat at home or in a restaurant, this nutrition plan should be followed:
